promises to draw your attention and command your awareness!

DO NOT MISS the first scientific event to bring in WORLD FAMOUS magicians: Teller, from Penn & Teller, The Amazing Randi, The Great Tomsoni, Mac King, and Apollo Robbins, Professional Thief and Pickpocket, to share their deep insights into the covert manipulation of attention and awareness! This event promises to astound you, to

About Me

Name:

The Neurocritic

Born in West Virginia in 1980, The Neurocritic embarked upon a roadtrip across America at the age of thirteen with his mother. She abandoned him when they reached San Francisco and The Neurocritic descended into a spiral of drug abuse and prostitution. At fifteen, The Neurocritic's psychiatrist encouraged him to start writing as a form of therapy.
